¹Students are ranked by the number of skills they have mastered. If there is a tie, the number of skills proficient will be used as a tie breaker.

²The total number of skills mastered. A student masters a skill by reaching a SmartScore of 100. IXL's SmartScore is based on a proprietary algorithm that is designed to give you an accurate assessment of your students' current understanding of a particular skill.

³The total number of skills that the student is proficient in. A student is proficient in a skill once he or she reaches a SmartScore of 70 or above.
