C. Reading Comprehension: Read the following passages and answer the questions. (4 points)

Passage One: (2 points)

Bill Gates is very important person in the computer industry. He has been the head of Microsoft Company for many years. He is also the richest person in America. How did he do it? He learned a lot from his parents. While Bill was going to school, his father went to college, got a degree, and became a successful judge. From this, he learned that you have to work hard if you want something. His mother was a very busy teacher, but she also enjoyed traveling. From this, he learned that if you want to work hard and enjoy yourself at the same time, you have to make program. When Bill was young he spent a lot of time on reading. But his childhood wasn't all work. He played a lot of sports. When he got older, he spent more and more time working and playing on a computer. Before he was 20, Bill developed the world's first computer language for a computer program. He thought that every home was going to have a computer and every computer would require different software (the program you put into a computer). He said, "I am going to make my first million dollars on software by the time I'm 25." And he did it.

1. Bill Gates spent no time reading in his youth. (0/25)

- a. True b. False c. Not mentioned
